Introduction

Alfa Portable Cabin is a leading manufacturer of strong, smart and customizable container-based portable cabins.

We specialize in portable cabins, container offices, site cabins and modular structures for all industries. Our cabins are built with high-grade steel for durability, safety and long life. Designed for fast installation and easy relocation, they suit both temporary and permanent needs. We deliver cost-effective, modern space solutions without compromising on quality. Alfa Portable Cabin powers businesses across India with strength, speed and smart design.

Time Line

2002 – 2014

We began our journey in the metal field, working across fabrication, steel structures and diverse metal-based projects, building deep technical expertise.

2014 – 2019

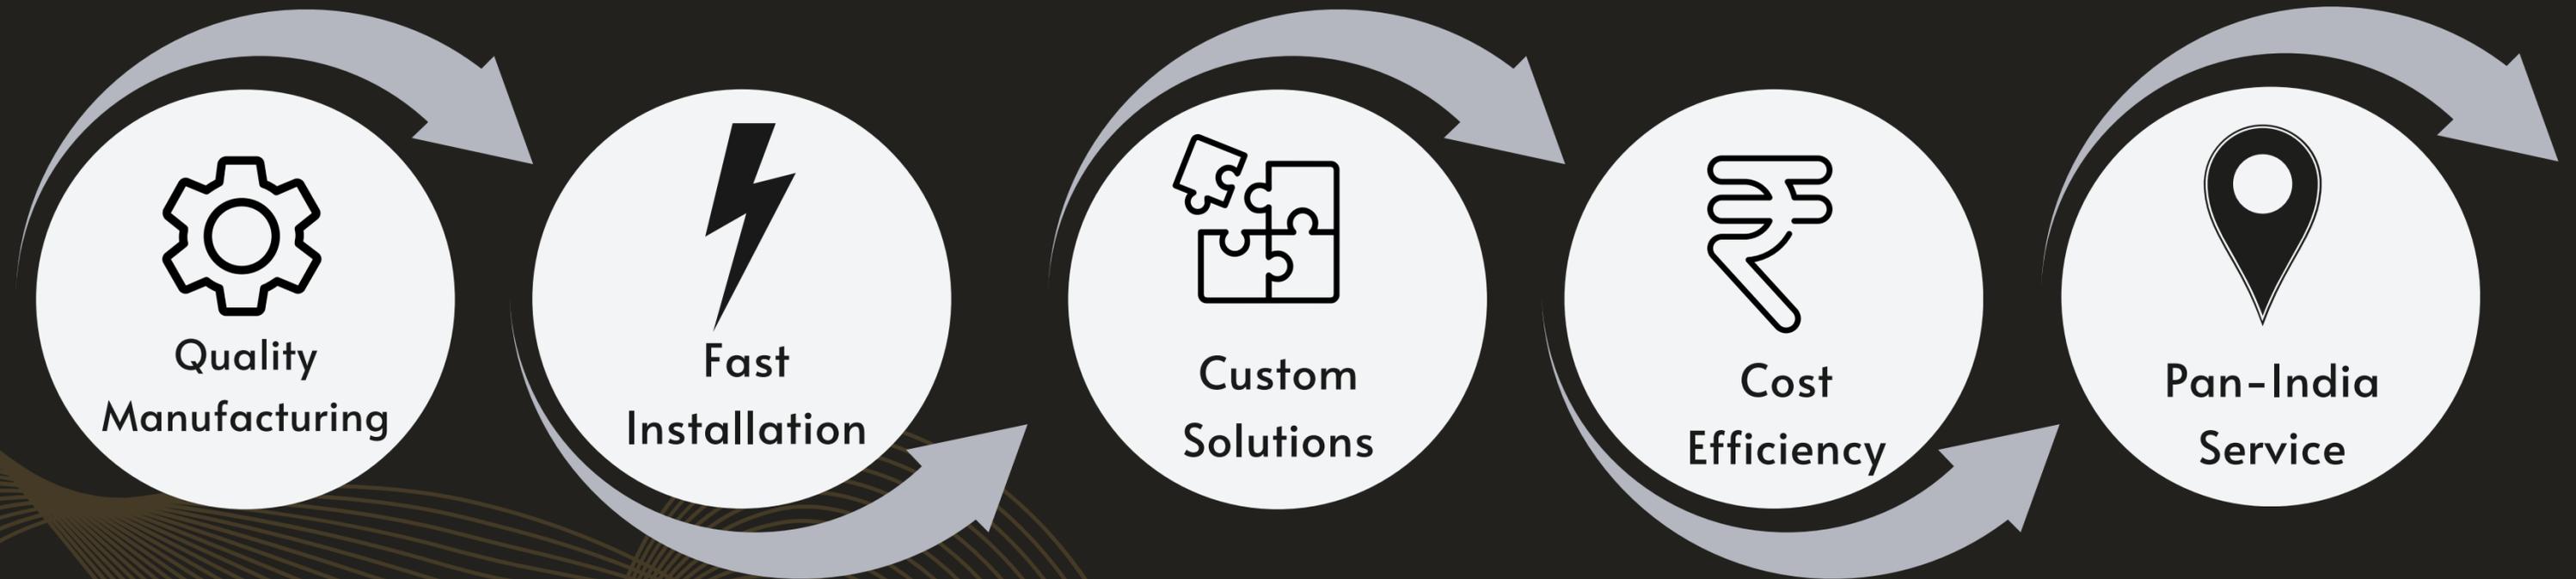

With years of metal engineering experience, **Alfa Portable Cabin** was established to create strong, reliable and innovative container-based and modular cabins.

2019 – 2026

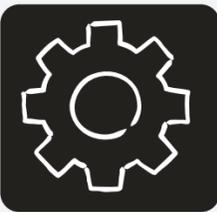

Expanded operations with advanced manufacturing, customized solutions and trusted service, delivering portable cabins across India with quality and innovation.

Objective

To deliver high-quality, fast-installing and fully customized portable cabins with cost-effective pricing and reliable pan-India service.

Our Values

Quality First

Strong build, premium finish, and long-lasting performance — every cabin is built with high-grade steel, precise fabrication, and superior materials.

Customer Focus

Client needs are the top priority in every project — from design to delivery, with transparent communication, customization, and best-value solutions.

Reliable Delivery

On-time service with pan-India support — fast installation, committed timelines, and nationwide supply for hassle-free execution.

Our Products

Concept In Business

Our business concept is to transform strong steel shipping containers into smart, modern, and fully customizable spaces that meet the growing need for fast, cost-effective, and flexible infrastructure. These container-based solutions help businesses set up quickly, expand easily, and operate more efficiently without the delays and Save From high costs of traditional construction.

PRODUCT SHOWCASE

MS/GI PORTABLE CABINS

PORTABLE CABIN

Portable MS Cabin by ALFA PORTABLE CABIN is a strong, durable, and cost-effective prefabricated solution made from high-quality mild steel. It offers customization in size, layout, insulation, and interior fittings, making it ideal for site offices, security cabins, storage units, and industrial applications.

SITE OFFICE CABIN

Site Office Cabin by ALFA PORTABLE CABIN is a durable, practical, and fully customizable workspace designed for on-site operations. Built with high-quality materials, it offers comfortable interiors, proper insulation, ventilation, and complete electrical fittings, making it ideal for construction sites, project offices, and temporary workspaces.

ACP PORTABLE CABIN

ACP Porta Cabin with Customization by ALFA PORTABLE CABIN is a durable and weather-resistant prefabricated structure made using high-quality Aluminium Composite Panels (ACP). It offers complete customization in terms of size, layout, interior finish, insulation, electrical fittings, doors, windows, and exterior color options. Ideal for site offices, security cabins, portable rooms, and commercial applications.

CUSTOMIZED OFFICE CABIN

Customized Office Cabin by ALFA PORTABLE CABIN is a modern, stylish, and fully customizable workspace designed for comfort and productivity. Built with premium materials, it offers flexible layout, elegant interiors, proper insulation, and complete electrical fittings. Perfect for site offices, corporate spaces, and portable workplaces.

BUNK HOUSE

Bunk House by ALFA PORTABLE CABIN is a strong, comfortable, and fully customizable portable accommodation solution. Designed for durability and convenience, it features well-planned interiors, proper ventilation, insulation, and electrical fittings, making it ideal for labor accommodation, site stays, and temporary housing.

MOBILE CABIN

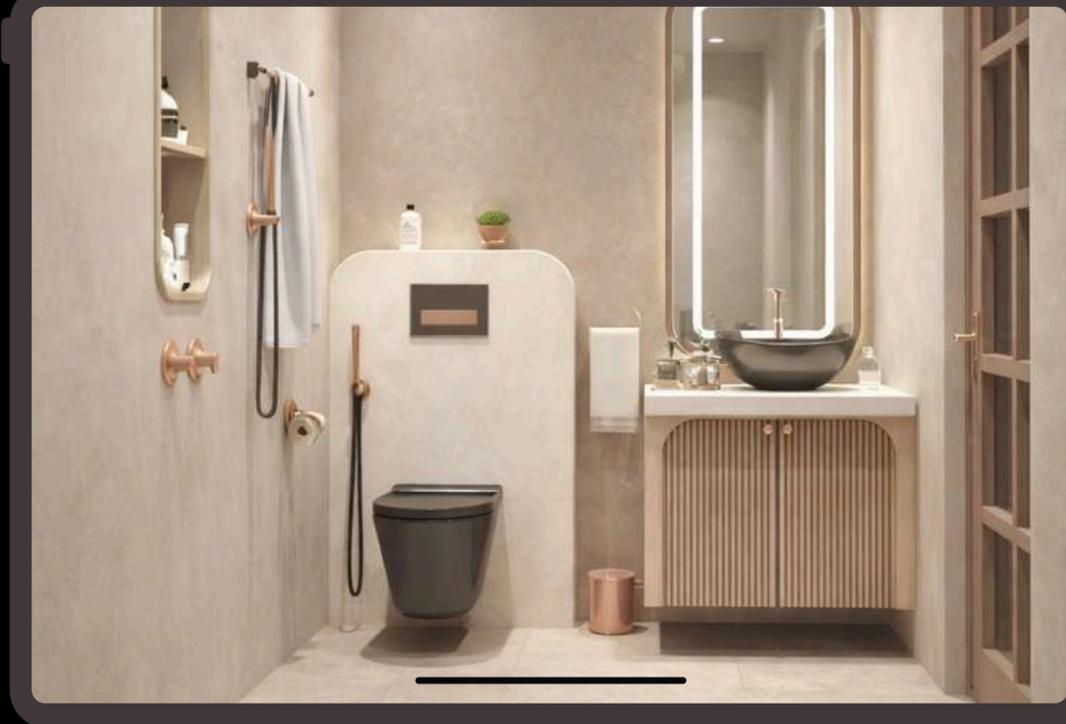

Mobile Cabin by ALFA PORTABLE CABIN is a versatile, durable, and fully customizable portable solution designed for easy mobility. Built with high-quality materials, it offers comfortable interiors, proper insulation, ventilation, and electrical fittings, making it ideal for site offices, security cabins, and on-the-go workspace needs.

MS/GI TOILET CABIN

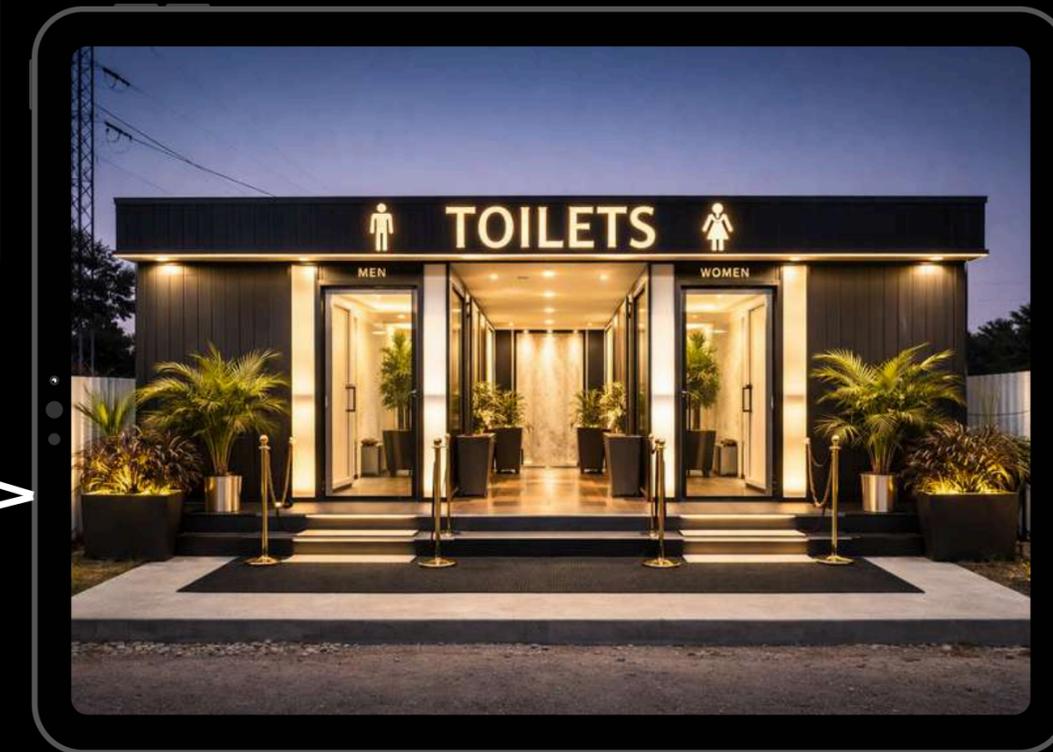

TOILET CABIN

Toilet Cabin by ALFA PORTABLE CABIN is a hygienic, durable, and easy-to-install portable sanitation solution. Designed with quality materials, it features proper ventilation, water fittings, drainage system, and a clean interior finish, making it ideal for construction sites, events, public areas, and remote locations.

LUXURY TOILET

Luxury Toilet by ALFA PORTABLE CABIN is a premium, stylish, and fully equipped portable sanitation solution. Designed for maximum comfort and hygiene, it features elegant interiors, high-quality sanitary fittings, proper ventilation, and modern finishing, making it ideal for events, corporate sites, resorts, and high-end outdoor locations.
